

St Cecilia's Catholic Junior School – Mathematics Vocabulary Progression Map – Year 4

<p>Unit 1: hundreds, tens, ones, thousands, rounding, order, more than (>), less than (<), partition, numeral, nearest distance, nearest</p>	<p>Unit 2: less than, more than, subtract, exchange, place value, function machine, ascending, descending rounding, negative</p>	<p>Unit 3: more, fact, place value, reduce, increase, add, total, more than (>), subtraction, less than (<), column method, estimate, how much, strategy, efficient, accurate. exact, fact, diagram</p>	<p>Unit 4: kilometers, meters, centimeters, convert, equivalent to, perimeter, distance, around, total, length, width, square, rectangle, rectilinear shape</p>	<p>Unit 5: multiply, multiple, total, method, calculation, times tables, partition, array.</p>
<p>Unit 6: Multiplication, groups, equal, total, repeated addition, correspondence, multiply, divide, combinations, whole, left over, remainder, bar model</p>	<p>Unit 7: area, space, inside, units, rows, length, width, measure, right angle, counting, subtraction, reflection, rotation, compare, order, size</p>	<p>Unit 8: tenth, hundredth, equivalent fraction, improper fraction, mixed number, simplify, simplest fraction</p>	<p>Unit 9: numerator, denominator, fraction, whole number, mixed number, proper fraction, improper fraction, fraction of an amount.</p>	<p>Unit 10: decimal point, whole, tenths, hundredths, integer, one more, one less, greater than >, less than <, increase, decrease, divide, equivalent, partition</p>
<p>Unit 11: Decimal place, equivalent, whole number, digit, rounding, round up, round down, multiply, divide, order, compare, statement, ascending, convert</p>	<p>Unit 12: notes, coins, pounds, pence, add, subtract, change, round to the nearest, order, cheaper, more expensive, estimate, over estimate, under estimate, total</p>	<p>Unit 13: second, minute, hours, days, weeks, months, years, units of time, convert, equal to, compare, am, pm, analogue, digital, bar model</p>	<p>Unit 14: table, line graph, bar chart, pictogram, discrete data, continuous data, operation, altogether, more than, greatest, smallest, compare</p>	<p>Unit 15: angle, corner, size, larger, smaller, quarter turn, right angle, half turn, obtuse, acute, point, vertices, interior angle, regular, irregular, isosceles, scalene, equilateral, reflective symmetry</p>
<p>Unit 16: coordinates, position, horizontal, vertical, up, down, left, right, square, rectangle, vertex, vertices, grid, plot,</p>
